Artist bio

WVLKER is a Canadian artist bringing rap, pop and R&B together — versatile enough to tap into a wide range of sounds and styles for every song and mood.

With a catalog extending over 15 years, WVLKER has grown on a natural path as an artist, songwriter and entertainer. From lyrical storytelling to catchy melodies, each release pulls the listener into a new world. His 2025 album *For the Ones That Matter Most* opened the way for a four-single 2026 run. Releasing independently through WVLKER Media, he brings stories to life and a love for the craft into every live experience.
